
TOMB RAIDER

A SURVIVOR IS BORN

Lara Croft is 21 years old, just out of University and on her first expedition seeking the lost civilization of Yamatai. Their research vessel, the Endurance, is wrecked by a vicious storm and Lara is tossed into the blackness of a raging sea. She washes ashore a mysterious island without resources and with little hope of rescue. Her crew is scattered and hunted by a hostile group of inhabitants and Lara must face her fears, push forward if she hopes to survive.

This book represents a selection of art created to inspire our new vision for Lara Croft and the world of Tomb Raider. We established a filmic realism through dramatic lighting, rich atmosphere, and meticulous research to bring Yamatai to life. Lara and the cast are grounded and emotionally complex, each have their own motivations and character arc throughout the story. These events will forge Lara from a young girl into a hardened survivor.

This book is dedicated to the talented team at Crystal Dynamics for their passion, commitment and sacrifice to bring Lara's origin story to life.
