

LIMITED EDITION ART BOOK

FOREWORD

WORLD of FINAL FANTASY went through a very complicated birth.

Tracing back to the conception of the story, Director Hiroki Chiba had the idea in the works for a long time, and it was several years ago when I first drafted a sketch of Enna Kros.

A separate idea of having Lilikins went through several iterations, popping up and fading away, and after being implemented in a different title first, the concept for WORLD of FINAL FANTASY - for which these plans were originally intended - was finally kicked-off, and our protagonists Reynn and Lann were born.

The transformation between Jiant and Lilikin was originally an idea for one of the game mechanics in this title, but evolved into a very important aspect of the story, and became an element that would bring out the uniqueness of WORLD of FINAL FANTASY.

And, through the efforts of Art Director Yasuhisa Izumisawa, who not only brought together the aesthetics of this world but designed the Lilikins, as well as those of the many famous designers who responded to his call, I believe we were able to bring to life this charming world that is nostalgic, yet new.

We hope that you will grow attached to the characters, monsters, and everything else, and simply enjoy what this world has to offer.

*-Tetsuya Nomura
Creative Producer and Character Design*

A stylized, handwritten signature in black ink, consisting of several overlapping, sweeping lines that form a complex, abstract shape. The signature is located in the bottom right corner of the page.
